NOTICE TO MARINERS.—(No. 23.)

BAY OF BENGAL—COAST OF ORISSA.

FALSE POINT.

Occasional Obscuration of Light by Fog.

The attention of Mariners is called to the following remarks relative to False Point Light :—

During the months of January, February, and March, the prevalence of low-lying, heavy fog—over the land which lies between the light-house and the sea—occasionally interferes with the proper visibility of the light, and, at times, may even obscure it, although the weather at sea may be clear.

Mariners should, therefore, be specially cautious when approaching the light during the first quarter of the year, and use the lead continually.

[Third Publication.]

The 20th June 1881.

No. 148.—Notification.—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to make the following alterations in the rules for the Sone Canals, passed by His Honor under date the 31st August 1880, as per Notification No. 114, published at page 798, Part I of the *Calcutta Gazette* of the 1st September 1880:—

(1) For Rule 26 substitute the following:—

“A contractor (or in case there be more than one, each contractor severally and jointly) shall use due diligence in the collection of the water-rates specified in the agreement from

the cultivators who have applied for the water supplied. In the case of his failure after due diligence to collect, he shall, without loss of time, submit to the Collector a list showing the names of the defaulters, with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law."

(2) Add as 26a:—

"A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the agreement, except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence."

(3) For Schedule IV in Rule 33 substitute the following:—

Class.	NATURE OF CROP.	IRRIGATION FEE—		
		Gottah.	Bigha.	Acres.
		Rs. A. P.	Rs. A. P.	Rs. A. P.
	For all crops	0 1 0	1 4 0	2 0 0

(4) For the second clause of the form of agreement in Appendix D substitute the following:—

"I (contractor's name) agree to use due diligence in the collection of all sums payable on this application, and to pay the amount collected to Government. I will submit to the Collector without delay lists specifying the names of any defaulters from whom I may, after due diligence, fail to collect, and I will be responsible for the sum due under this agreement, except such amount as I may be able to satisfy the Collector that, after using due diligence, I have failed to collect. I will give every assistance in my power to the Collector in any legal proceedings that may be instituted, and I further agree to be bound by the rules passed under the Canal Act."

The rules as now amended are published below.

RULES UNDER ACT III (B.O.), 1876.

1. The Collector, before awarding compensation under section 16, or for making a reference under section 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Persons desirous of acquiring land for the construction of a village channel, or for having a village channel constructed by Canal Agency, shall prefer a written application to the Divisional Canal Officer, or to any other officer duly authorized by him to receive such application.

3. Ordinarily, no village channel shall exceed two miles in length from its head to the point of contact with the village boundary.

4. It shall be the duty of the Canal Officer to register all village channels after due notice has been given to the owner of his intention to do so; if the latter objects, no water will be given.

5. No alteration among the shareholders will be recognized, unless the sanction of the Canal Officer has been first obtained.

6. Persons desirous of taking water from a registered village channel shall, previous to doing so, prefer a written application (Appendix A) to the Divisional Canal Officer, Sub-Divisional Canal Officer, or any subordinate duly authorized by the Divisional Canal Officer to receive such application; and no water shall be taken until after the receipt of a permit (Appendix B) from competent authority.

7. Water shall not be granted where, in the opinion of the Canal Officer, waste is likely to occur.

8. An application under Rule 6 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions:—

(a)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(b)—That the Sub-Divisional Canal Officer shall, in consultation with the applicants, appoint a headman (to be called a *Lambardar*), known, or ascertained to be, a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, and to distribute the water among the shareholders in the village channel according to their shares.

(c)—That in any case where the Sub-Divisional Canal Officer cannot agree with the applicants in the appointment of a *Lambardar*, the Sub-Divisional Canal Officer shall make the appointment himself, subject to the approval of the Divisional Canal Officer.

9. The Divisional Canal Officer is empowered to pay to the *Lambardar* appointed under Rule 81, the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

10. The allowance to the *Lambardar* for duties connected with the village channel, such as arranging that it shall be kept in proper repair, reporting unauthorized irrigation, distributing the water to the shareholders, seeing that the outlet is closed according to the

orders of the Sub-Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be half anna in the rupee on the amount of canal water-rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of non-compliance with these conditions.

11. The Sub-Divisional Canal Officer may, by written order under section 76 (a), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that it is not maintained in proper repair; such order shall be recorded in the Sub-Divisional Office.

12. The Divisional Canal Officer may close the outlets in rotation as he may consider necessary. Such closures shall not extend beyond ten consecutive days, and shall be notified to the *Lambardars* of village channels. For longer closures the authority of the Superintending Canal Officer is required.

13. Nothing in the above rules shall be taken to affect the power of the Superintending or Divisional Canal Officer to stop the supply of water in case of pressing emergency.

14. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

15. Claims to remission of water-rates under section 76 (b) shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person, or through their headman, to the nearest Sub-Divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-Divisional Canal Officer shall, after due local enquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

16. Before awarding compensation under section 76 (c), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

17. Contracts between the Divisional Canal Officer on the part of Government, and private individuals, for the use of water as a motive power, or for any other purpose whatsoever, not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer. If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

18. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, wherever water can be made available without injury to the cultivation dependent on any canal, under the following conditions:—

- (a.)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle, or both.
- (b.)—No tank shall be so filled from which irrigation is practised.
- (c.)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.
- (d.)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer issued on the written application of the parties concerned.
- (e.)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.
- (f.)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for 12 months for breach of any of the above conditions.

19. Leases for terms of five years for the supply of water between the 25th June of one year and the 1st April of the following year will be given at the rates fixed in the Schedule, Rule 33, provided that land leased in any village forms one or more compact blocks, each of not less than 50 acres, defined by well-marked boundaries of such a nature as clearly to distinguish leased from the adjoining unleased lands, and to prevent the latter from being surreptitiously watered under cover of the lease.

20. Well-marked boundaries of the nature required by the foregoing rule generally exist. Village roads, bunds of *akhrahs*, village boundaries, and similar natural marks will be sufficient. If such do not exist, and it appears advisable to grant the lease, the villagers may, at the discretion of the Divisional Canal Officer, be required to make small bunds round the leased area, or mark its limits by the erection of cheap boundary marks, or cause to be carried out such arrangements as may suffice for the future identification of the leased area.

21. No restriction is placed on the description of crop to be grown under five-year leases, but no water will be given on these leases between the 1st of April and the 25th of June. The Superintending Canal Officer may relax this rule in the case of water being required for rice-seed beds.

22. If in the opinion of the Divisional Canal Officer it appears advisable to grant a lease for a block of less than 50 acres in area, he must refer the matter for the decision of the Superintending Canal Officer, at whose discretion the restriction as to area may be relaxed.

23. Present holders of three-year leases may at their option avail themselves of the terms offered to the holders of five-year leases, but without retrospective effect.

24. Leases for five years at the rates entered in Rule 33 may be given—(1) on the application of all the cultivators of the area proposed to be leased, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the Contractor, who may agree to collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums due under the agreement on account of water-rates. The agreement of villagers binding themselves jointly and severally will be in the form prescribed in Appendix C. The joint agreement of villagers and a water-rate Contractor shall be in the form prescribed in Appendix D. Every agreement under this rule must be signed by each applicant in the presence of at least one respectable witness.

25. Contractors shall be entitled to collect water-dues, at the rates given in schedule 4 attached to Rule 33, from the cultivators who have applied for the water supplied. Every due from a cultivator to the Contractor on account of water-rates shall be deemed to be a sum due to Government under sections 82 and 85 of Act III (B.C.) of 1876.

26. A Contractor (or in case there be more than one, each Contractor severally and jointly) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators, who have applied for the water supplied. In the case of his failure after due diligence to collect, he shall, without loss of time, submit to the Collector a list showing the names of the defaulters, with the sums due from each, and the Collector shall thereon proceed to realize the amount due from the said defaulters according to law.

26a. A Contractor (or in case there be more than one, each Contractor severally and jointly) shall be responsible for all sums payable on the agreement, except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence.

27. No water shall be taken previous to the receipt of a permit (Appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a Contractor, the Divisional Canal Officer shall under section 82 furnish such Contractor with a written authority to collect the amounts due by the cultivators according to a list furnished in the application, one copy of which is to be sent to the Collector.

28. Every Contractor shall nominate a headman, to be approved of by the Divisional Canal Officer, to perform the duties specified in Rule 10. Such headman or the contractor, according to the arrangement made at the time of contract, shall receive 5 per cent. on the assessment, but the Divisional Canal Officer may retrace the whole or any part of these fees if the duties are not properly performed.

29. All water-rates leviable under the above rules for five-year leases shall become due on the 31st December and 15th March in equal portions, and shall be paid within one month of such dates.

30. Under section 78 of the Act, the rates chargeable per acre for water supplied to the different description of crops up to 1st of April 1881, except in cases of three-year leases now in existence, will be as follow:—

SCHEDULE 1.—Existing rates. (Annual.)

Note.—If water is taken for sugarcane in the hot months, in addition, under Rule 32, the total charge will be as follows :—

		Rs. A. P.
Under five-years leases per acre	2 0 0
During hot months " "	4 0 0
Total per acre	...	6 0 0

34. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

35. All water-rates shall become due on the dates below stated, and shall be paid within one month of such dates :—

Water-rate on spring crops, wheat, barley, peas, poppy, &c.	...	15th March.
Water-rate on summer crops, cheena, &c.	...	15th July.
Water-rate on bhadoi crops, early rice, indian-corn, murwa, &c.	...	31st October.
Water-rate on annual and winter crops, sugarcane, aghani rice, jowar, &c.	...	31st December.

36. In the case of lands held in *bhaoli*, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the *bhaoli* rents in the same proportion as the produce is divisible amongst them.

37. In the case of lands held in *bhaoli*, the zemindar shall sign jointly with the cultivators. (This rule only applies to the case of five-year leases.)

38. The area irrigated in any village shall be measured by an *Ameen* appointed for the purpose. The *Putwari* shall be present at the measurement, and shall at the time take a copy of the *khusrah* of the *Ameen*; if for any reason the *Putwari* is not present, the cost of preparing the copy will be charged against him. This copy shall be delivered to the *Putwari*, or, in his absence, to the *Lambardar*. Both the *Lambardar* and *Putwari* shall sign the *khusrah*.

39. When the measurement is completed, the *khusrah* shall be forwarded to the Sub-Divisional Canal Officer, who shall prepare the *khatiani* with all possible despatch. A copy of the *khatiani*, signed and sealed by the *Zilladar*, shall, as soon as it is prepared, be forwarded to the *Putwari*, who shall grant a receipt for the same. If the *Putwari* is not present, or declines to receive the *khatiani*, the Sub-Divisional Officer shall forward it direct to the Collector.

40. It shall be the duty of the *Putwari*, immediately on the completion of the measurement, to inform each ryot, on application, of the fields measured against him, and on receipt of the *khatiani* to supply each person charged with a *percha* showing the water-rates due. For these duties, and for attending the measurement and rendering such other reasonable assistance to the Canal Officer and Collector as may be required, an allowance of one quarter anna per rupee on the amount collected shall be made.

41. This allowance shall be paid to the *Putwari* by the Collector if he is satisfied that the work has been properly done.

42. The Canal Officer shall note on the *khatiani* whether the *Putwari* has given proper assistance during the measurement.

43. If a cultivator is dissatisfied with the entries made against him in the *khatiani*, whether as to the fact of the land having been charged "flow" instead of "lift" or as to the measurements and entries of classes of crops, he must lodge a complaint, either personally or through the *Lambardar* of his village channel, with the Divisional or Sub-Divisional Canal Officer within a month after the date of the demand being made on him.

44. The *Zilladar* shall submit his check measurements in a form (Appendix E) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall check the *Ameens'* measurements as often as he possibly can. If it be found that any *ameen* wilfully or frequently makes wrong measurements, he shall be punished by dismissal.

45. Collection of all water-rates shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

46. Objections to the demand addressed to the Collector, if preferred within one month after the demand has been made, shall, if remission be claimed on the score of short supply, or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The Collector shall have discretion to suspend collections by a written order in cases where (objections having been filed) it may seem advisable to do so.

47. Claims for remission, referred by the Collector and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer, except in cases where remissions are made on account of excess areas having been charged, or a wrong name entered in the *khatiani*.

48. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

49. A remission statement, signed by the Superintending or Divisional Canal Officer, shall be sufficient authority for a refund by the Collector.

50. In special cases not otherwise provided in these rules, and in cases where water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

51. The Collector shall appoint a headman (to be called a *Tehsildar*), whose duty will be to collect and pay in, to the Collector or other duly authorized person, all water-rates leviable on the land irrigated.

52. The *Tehsildar* shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed, under the following rule.

53. The allowance to the *Tehsildars* of a village or villages for collecting the water-rates shall be fixed by the Collector, but the total amount to be paid in any one year to all the *Tehsildars* in a district shall not exceed half an anna in the rupee on the amounts actually paid in. If the *Tehsildar* shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be at the option of the Collector to pay him the allowance on the whole or any part of such arrears.

54. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

55. When a portion of a field has been irrigated with canal water, and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

56. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The *Lambardar* will be held personally responsible that any breach of this rule or of Rules 54 and 55 is duly reported.

57. Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

58. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

59. Persons using water without a written permit, or taking water at times prohibited by proper authority, shall be liable to a penalty not exceeding double water-rates on the area irrigated, and such charge shall be leviable at the time of report to the Collector.

60. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The *Lambardar* is to be held responsible for reporting such waste of water.

61. When the original crop sown in a field irrigated by canal water fails, and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

62. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

63. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

NOTIFICATION.

The 19th July 1881.—Under the provisions of Section 50, Act X of 1870, the Land Acquisition Act, it is hereby notified that the following agreement has been entered into between the Calcutta Tramways Company, Limited, and the Right Hon'ble the Secretary of State for India in Council, in connection with the acquisition of a plot of land situated at the junction of the Circular Road and the Russapugla Road, required by the said Company for the purpose of erecting a depôt and stables.

ARTICLES OF AGREEMENT.—Made and entered into this sixth day of July one thousand eight hundred and eighty-one BETWEEN THE CALCUTTA TRAMWAYS COMPANY LIMITED hereinafter called the Company of the one part and THE SECRETARY OF STATE FOR INDIA IN COUNCIL hereinafter called the Secretary of State of the other part. WHEREAS upon the application of the Company the Government of Bengal has consented to take up or acquire on behalf of the Company under the provisions of Act X of 1870 of the Governor-General in Council the piece of land and other hereditaments in the plan hereto annexed surrounded with a red line and situate at the junction of the Circular Road and the Russapugla Road in Calcutta it having been shown to the satisfaction of the said Government of Bengal that the proposed acquisition is needed for the construction of a work viz. stables and all buildings and erections needed for a general terminus or for a terminus for the Chowringhee tramway line of the Company, and that such work is likely to prove useful to the public. AND WHEREAS the said Government of Bengal has called upon the Company under the provisions of section 49 of the said Act to enter into such agreement with the Secretary of State as is hereinafter contained. Now THESE PRESENTS WITNESS that it is hereby agreed and declared as follows:—

1. Upon the said lands and hereditaments being acquired under the said Act the Company shall pay to the Secretary of State the cost of the acquisition in which shall be included all payments and allowances provided for by the said Act and payable in cases of acquisition of land thereunder.

2. Upon such payment by the Company the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for vesting the land and hereditaments acquired in the Company and giving them an absolute title thereto as against third parties.

3. The terms upon which the said land and hereditaments shall be acquired and transferred to and held by the Company are that the Company shall (as they hereby undertake and agree to do) construct stables and carriage sheds and other buildings and erections which may be required for the purposes of a general terminus or depôt or of a terminus or depôt for the Chowringhee tramway line of the Company upon such plans drawings and designs as may be first approved by the Government of Bengal.

4. That such stables sheds buildings and erections as are intended to be erected for the purpose of a terminus for the Chowringhee tramway line shall be constructed forthwith after the land shall be vested in the Company and shall be completed on or before the thirtieth day of June one thousand eight hundred and eighty-two and shall be maintained by the Company in proper repair and condition. PROVIDED ALWAYS that it shall be lawful at any time thereafter for the Company to erect such other buildings and erections as may be necessary or desirable under clause three hereof.

5. That the public shall be at all times entitled to use the said Chowringhee tramway line (for the working of which the said stables sheds and buildings are necessary) upon such conditions as may be in force from time to time under the rules or regulations of the Company and as may be in accordance with the agreements entered into by the Company with the Corporation of the Town of Calcutta and with the Municipal Commissioners for the Suburbs of Calcutta and also in accordance with the terms of Act I of 1880 of the Bengal Council.

IN WITNESS whereof the said parties to these presents have hereunto set their hands and seals the day and year first above written.
